

Practical No. - 15

To identify a child labourer in your locality and develop a profile

Aim

To identify a Child Labour in your locality and develop a profile of the child

Introduction

Wherever we see, we find lots of children engaged in various types of works, right from selling of newspapers, to working in dhabas, car cleaning, polishing shoes and of course working in houses as domestic help etc. A child labour is a child who is below fourteen years of age and is engaged in work to earn his living. There are many reason for child labour but the consequences thereof may not be favourable.

In your locality, find out 5 such places where children below 14 yrs are engaged in work.

1.

2.

3.

4.

5.

Interview 5 child labour and find out the reason, why they are engaged in work

| S. No. | Name | Age/Sex | Reasons of being engaged in work |
|--------|------|---------|----------------------------------|
| 1. | | | |
| 2. | | | |
| 3. | | | |
| 4. | | | |
| 5. | | | |
